

## Distribution of Equity Level 2+ Data Package in Borsa Istanbul feed

To: Borsa Istanbul subscribers

### Changes

Borsa Istanbul will add Equity Level 2+ data package starting August 1<sup>st</sup>, 2019. The content of this package is composed of the MBPOrderSnapshot message provided in their data dissemination system GMI in addition to the content of the Equity Level 2 data package.

To support the new data package, dxFeed will update its data feed on July, 28. This change is backward compatible.

### Technical details

If you receive Borsa Istanbul feed from dxFeed, and you plan to support Level 2+ Data Package on your side, please migrate to [dxFeed Java API version 3.277 or higher](#) prior to August 1<sup>st</sup>, 2019. Otherwise, no action required.

If you use another dxFeed API to get Borsa Istanbul feed, please contact [support@dxfeed.com](mailto:support@dxfeed.com) for details.

### Effective date

This change will take effect as of **August 1, 2019**. If you are interested in new data package, please make sure to update your services by this date.

### Affected feeds and services
