

Dmitrii Parilov

Managing Director for Strategy, Ops, Solutions and Products at dxFeed

Dmitrii Parilov is the Managing Director for Strategy, Ops, Solutions, and Products at dxFeed. He has 15+ years of experience in IT, Telecom, and Finance.

Under his leadership, backed by impressive management experience, dxFeed was able to create its B2B/2C (retail) partnership network. The network has been steadily growing since its launch in 2020.

Thanks to Dmitrii's strategic vision in 2021, dxFeed was able to dive into the new world of DeFi, rapidly developing new opportunities for the company.

- Joined dxFeed in 2016
- Leads strategy & operations
- Oversees product strategy
- Heads product development and customer acquisitions
- Major projects include building full-scale trading platform solutions for prominent FX brokerage clients
- Holds a Ph.D. in physics and mathematics, and an MBA
